

Beige Arts & Crafts Patchwork Wall-paper Textured 2.5m Roll

This unusual wallpaper takes the traditional idea of pattern matching and turns it on its head. 3 different types roll designs to be used any way up and mixed however you like to create a patchwork effect as regular or random as you desire. The age of William Morris venerated patterns inspired by nature, medieval-inspired motifs and the harmonious complexity of repeats. With the usual Mineheart twist, a juxtaposition of such patterns in a patchwork style adds another dimension, this time in its faded out theme.
